

NEXLINK® MAINSTREAM 3250 DESKTOP SERIES

Purpose Built for Corporate Productivity

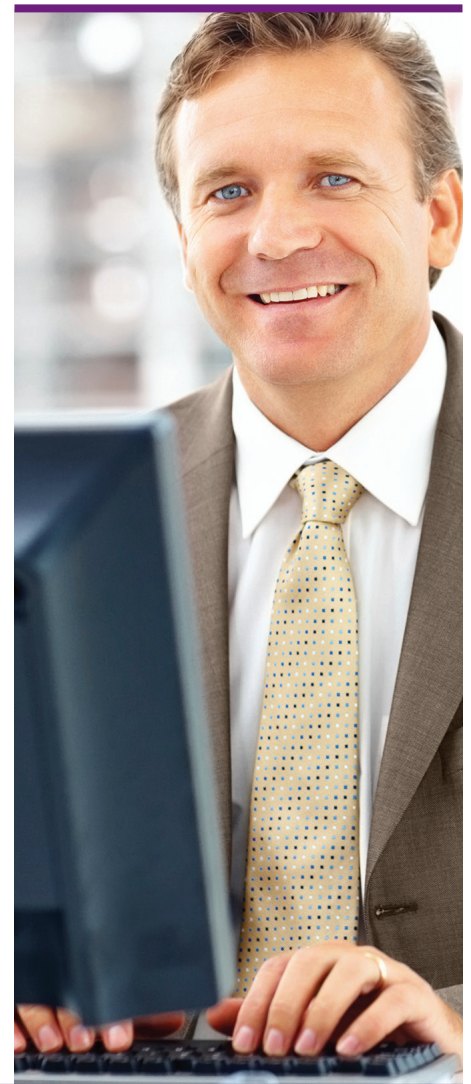

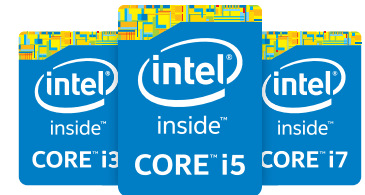

Get amazing performance and stunning visuals with the Nexlink® 3250 Mainstream Series Desktops featuring the 4th generation Intel® Core™ processor family. This desktop system offers new capabilities and functionality in performance, graphics, and security for high-powered users.

CORPORATE PRODUCTIVITY

The Nexlink 3250 Series is designed for business users who need to get more work out of their desktop PC. With upgraded memory capacity and the capability to deliver video to 3 independent displays the 3250 Series is an intelligent choice for your business needs.

LONG LIFECYCLE

The 3250 Series is purpose built for Small-Medium Business clients who need a consistent, manageable and customizable system. Featuring a Corporate Stable Motherboard (CSM) which provides a lengthy 24 month product cycle allowing IT staff and business buyers peace of mind. Enhanced memory capacity enables the 3250 to perform more work and maintain its functionality throughout the product lifecycle. Delivering solid performance from the 4th generation Intel® Core™ i5 processor and the 4th generation Intel® Core™ i7 processor, the 3250 is the right solution for the most demanding workplace tasks.

» **5 Year Warranty Standard**

Buying on a budget does not have to mean forsaking a business cycle warranty. Maintain your business clients peace of mind with comprehensive warranty coverage for 5 years from the date of purchase.

» **Legacy Support**

Have older printers or serial connect devices that your business runs on? The 3250 features headers for both parallel printers and serial connectivity. There is no need to upgrade your legacy peripherals when you replace your desktops.

» **3X Display Support**

Take your multitasking to the next level with support for 3 independent displays. Daisy chain up to 3 full HD displays from the DisplayPort 1.2 using Multi-Stream Transport (MST) or combine 3 different displays connected to the DisplayPort, Mini DisplayPort, HDMI, or VGA.
