

4000D SERIES

P/N: 4000DSERIES

Over 60% of returned notebooks are damaged by accidental drop and over 30% are damaged by liquid spills. The semi-rugged Nexlink® 4000d, that's military spec 810 certified, gives you added protection from normal everyday mishaps at work, at home, and in the classroom with the mobility and functionality of Intel® Centrino® Processor Technology.

Stolen data is often regarded as being more valuable than the notebook hardware itself. Thus Nexlink 4000D is built upon the Trusted platform Module, that will protect user data and secrets in a mobile computing environment.

Features:

- **Drop Resistant** - Magnesium alloy case that is twenty times stronger than ABS plastic
- **Shock Resistant** - Anti-shock mounting design protects LCD screen and hard disk drive from damage
- **Spill Resistant** - Spill resistant design stops spills from leaking into sensitive interior parts
- 15.4" XGA display
- Windows Hardware Qualification Labs (WHQL) Certified
- Superior System Reliability and Recoverability
 - Nexlink Hard Drive Recovery Solution
 - Toll-free USA-based technical support
 - Extended Warranty options available
- Value Added Services include
 - Asset tagging
 - Imaging services
